Comtec ranked fourth in the 2006 Deloitte Technology Fast 50

Comtec Enterprises has been ranked fourth in the 2006 Deloitte Technology Fast 50, a ranking of the 50 fastest growing technology companies in the UK & Ireland. Rankings are based on average percentage revenue growth over five years. Comtec grew 5,925.4% during this period.

Comtec's managing director, Nick Claxson, credits a dynamic, dedicated team and a market aware strategy with the company's revenue growth over the past five years. He said, "Comtec has always been committed to aligning ICT with wider business strategy, and ensuring the highest level of service to our customers. This award is reflective of our value and success in doing so, and is a credit to the whole team."

Simon Kerton-Johnson, Chairman of Deloitte's UK & Ireland Fast 50, added: "Growing the top line enough to make the Deloitte Technology Fast 50 is especially meaningful during competitive times for the technology sector. We congratulate Comtec Enterprises on becoming one of the 50 fastest growing technology companies in the UK."
