Comtec Enterprises Ranked 11th Fastest Growing UK Technology Company in 2007 Deloitte Technology Fast 50

Comtec attributes its 3000% growth to its reinvestments in customer relationships, technical facilities and partner accreditation

Reigate, Surrey, 22nd October 2007 — Comtec Enterprises, the ICT solutions company, today announced that it ranked eleventh in the 2007 Deloitte Technology Fast 50, a ranking of the 50 fastest growing technology companies in the UK. Rankings are based on average percentage revenue growth over five years. Comtec Enterprises grew 3026% percent during this period.

Comtec Enterprises' managing director, Nick Claxson, credits ongoing investment in company resources and expansion of the product and service portfolio for the company's impressive revenue growth over the past five years. He said, "It is fantastic that we appear in Deloitte's top 50 for a second consecutive year. I'm proud to lead a dedicated team at Comtec that truly values customer and partner relationships. We work hard to continuously improve our service offering, and this award confirms that we must be doing something right!"

"Growing the top line enough to make the Deloitte Technology Fast 50 is especially meaningful during competitive times for the technology sector," said Simon Kerton-Johnson, Chairman of Deloitte's UK & Ireland Fast 50. "We congratulate Comtec Enterprises on becoming one of the 50 fastest growing technology companies in the UK."

Fast 50 Selection and Qualifications

The Fast 50 list is compiled from Deloitte's nominations submitted directly to the Fast 50, and public company database research. To qualify for the Fast 50, entrants must have had 2002

operating revenues of at least £34,000. Deloitte researchers examined financial statements to validate operating revenues.

Entrants must also be public or private companies headquartered in a participating region of the UK and must be a "technology company," defined as a company that owns proprietary technology that contributes to a significant portion of the company's operating revenues; or devotes a significant proportion of revenues to the research and development of technology. Using other companies' technology in a unique way does not qualify.
